

TECH GUIDE

Urban Nail Bar — one-pager for nail techs

Everything you need for your day: your schedule, clock-in, and your pay.

1 · MY SCHEDULE ON YOUR PHONE (DO THIS ONCE)

- Salon PC home page → Phone Setup panel → scan the STAFF code (My Schedule) with your phone camera.
- Log in with YOUR personal 4-digit PIN.
- Tap Add to Home Screen — now it's one icon on your phone.
- Works on shop Wi-Fi; ask the owner for the public link

to check your day from home.

2 · YOUR DAY, YOUR APPOINTMENTS — NOTHING ELSE · WHEN A CLIENT ARRIVES

- My Schedule shows ONLY your bookings for the day: time, service, and client first name — color-coded.
- Swipe days with the arrows; Today jumps back.
- New bookings appear by themselves — no refresh needed.
- Client phone numbers and other techs' days stay private.

3 · CLOCK IN & OUT (STAFF PAGE)

- Open Staff from the home page and log in with your PIN

E	
Blue	Booked — confirmed for later
Green	Arrived — client is in the salon
Red	Late — client hasn't shown yet
Orange	Ready — checkout time
Gray	Done — completed

5 · YOUR PAY

- Commission techs: you earn your % of every completed service — see it live on your Staff dashboard.
- Hourly staff: hours from clock-in/out x your rate (overtime past 40 hrs when eligible).
- Managers see the week's payroll estimate on the

dashboard; questions about pay go to Lance/Keith/Sky.

- Front desk marks them Arrived — your block turns green.
- Do your thing; the desk moves clients to Ready at the end.
- Payment happens at the desk — you never need to ring up

D(N'T)

Staff (clock in/out)	Manager
	Admin

- Never share your PIN — it's your signature on the system.
- PIN lost or changed? Admin can reset it in one minute.

8 · QUICK FIXES

- Schedule looks old → pull up the page again; it syncs itself.
- Can't log in → caps? digits? still stuck → ask the desk.
- Booking looks wrong → tell the front desk, they'll fix it.
- Anything weird → tell Kimi in the Kimi Work app on the salon PC.
